LOCAL CANCER COMMUNITY NEWS

Thank You to the Many Donors & Supporters of the Sheboygan County Cancer Care Fund!

My role in the local cancer community, which includes my position with Matthews Oncology Associates and Sheboygan Cancer & Blood Specialists

along with my work with The Sheboygan County Cancer Care Fund, keeps me busy! There is always something to do and sometimes I am unable to do everything I want to do! Given more time... I would love to be able to more effectively share the many ways that community member and area businesses are raising funds for and supporting SCCCF... but, frankly, sometimes I am simply overwhelmed by the sheer volume of kindness that the fund receives! There is no way I can thank all who have supported the work of SCCCF... but allow me to take this time to recognize the following:

Thanks to Dr. Matthews & Dr. Bettag!

As you may (or may not) know, the Sheboygan Cancer Care Fund is the brain-child of Dr. Marshall Matthews! In early 2000, Dr. Matthews invested both time and money turning an idea into a reality and founding the fund and has provided his support (financial and otherwise) since it's inception. A few years later when Dr. Bettag began his private practice here in Sheboygan he also became a strong supporter of the fund (financially and otherwise). So thank you to Dr. Matthews (Matthews Oncology Associates) and Dr. Bettag (Sheboygan Cancer & Blood Specialists) for their on-going support (financial and otherwise) throughout the years!
