W580 Garton Road, Sheboygan

After welcoming us onto the beautiful property of the Christopher Farm & Gardens (CF&G) in spring, summer and fall... we've been invited back for some winter snowshoeing!

Like many winter sports, snowshoeing can be weather and condition dependent. If you are interested, contact Tim and when the conditions are right we will schedule a date and time and then contact you with details!

No experience necessary!

A limited supply of snowshoes is available!

Please dress appropriately and according to the weather!
